Call Diversion

Which calls should be diverted?

```

Lua Run Runtime ERROR in /usr/www/avme//fon_num/rul_edit.lua:790: [string "/usr/www/avme//fon_num/rul_edit.lua:790"]:1: attempt to c
Lua stack traceback:
  [C]: in function 'write_init'
  [string "/usr/www/avme//fon_num/rul_edit.lua:790"]:1: in main chunk

```

- > Calls to a telephone number / telephone
- Calls by a person in the telephone book

```

Lua Run Runtime ERROR in /usr/www/avme//fon_num/rul_edit.lua:799: [string "/usr/www/avme//fon_num/rul_edit.lua:799"]:2: attempt to c
Lua stack traceback:
  [C]: in function 'write_fonbook_select'
  [string "/usr/www/avme//fon_num/rul_edit.lua:799"]:2: in main chunk

```

- Calls from the telephone number
- All calls without a telephone number to

Divert calls to:

```

Lua Run Runtime ERROR in /usr/www/avme//fon_num/rul_edit.lua:824: [string "/usr/www/avme//fon_num/rul_edit.lua:824"]:1: attempt to c
Lua stack traceback:
  [C]: in function 'write_num_dest_checked'
  [string "/usr/www/avme//fon_num/rul_edit.lua:824"]:1: in main chunk

```

- > Destination telephone number

">

Please note that when calls are diverted to other telephone numbers, additional charges may be accrued. These charges depend on the destination number and your rate options.

"> Outgoing caller ID
