Azimuth, Elevation for 19.2° East

Polarisation Offset Settings for 19.2° East

Aligning the polarisation offset of the LNB for optimum reception quality:

Facing the dish, turn the LNB clockwise if the figure shown on the map for your antenna location is on the left side of the 0° line and turn the LNB counter clockwise if the figure shown on the map is on the right side of the 0° line (-sign).

Examples: London, facing the dish, turn the LNB 7° clockwise; Warsaw, facing the dish, turn the LNB 9° counter clockwise.
