

It's Time to Play

EZfetch lets you access all your digital pictures, music, movies and podcasts and play them right where you want them—on your home entertainment system.

EZfetch can fetch pictures, music, movies and podcasts that are stored on PCs, network attached storage (NAS) devices, USB mass storage devices and Wi-Fi enabled Nokia Nseries devices. And best of all, EZfetch can play more picture, music and movie formats than any other digital media player in the world.

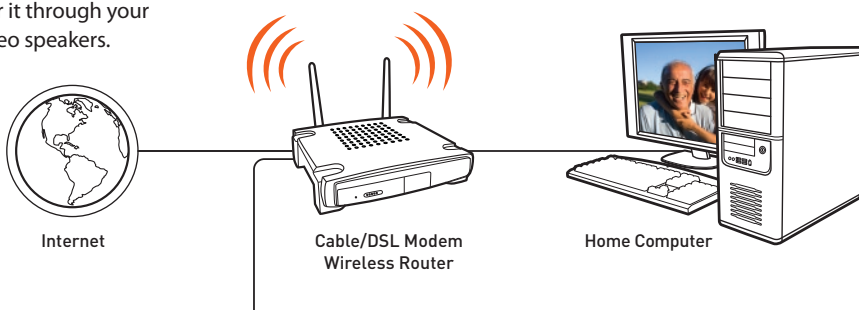

So get in front of your favorite TV, get family and friends, and get comfortable. Select the pictures you want to see, the music you want to hear or the movie you want to watch. Then relax and be entertained as EZfetch streams your selection to the bigger screen of your TV and the better sound of your audio system.

This is the way your media was meant to be experienced, and now you can have it all, right where you want it. Let your media come out and play, with EZfetch.

How It Works

EZfetch is the connection between your digital media files and your home entertainment system. By using the included CD to install SimpleCenter software onto your PC, you create the connection and get your digital devices talking to EZfetch over your digital home network.

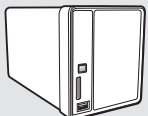

Pictures, music, movies and podcasts stream over your home network wirelessly, or with an Ethernet cable. EZfetch receives the media file and decodes it, so you can view it on your TV and hear it through your stereo speakers.

OPTIONAL NETWORK DEVICES

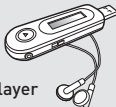

Nokia Nseries Device

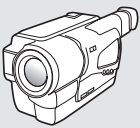

Network Storage Device

Digital Camera

MP3 Player

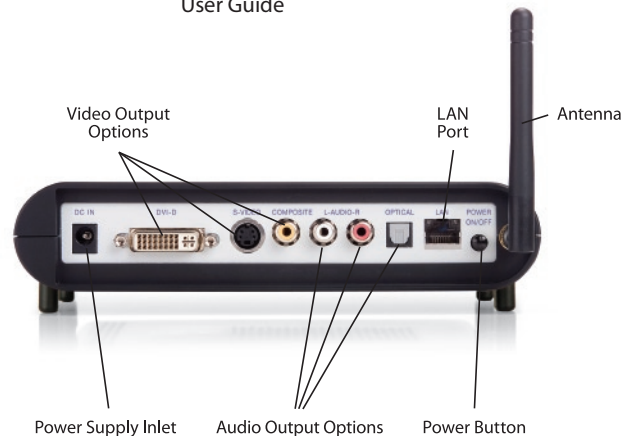

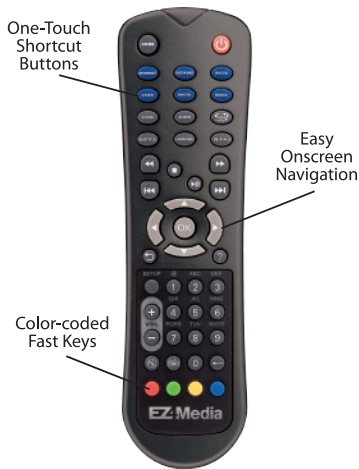

Camcorder

Features

EZfetch is a UPnP AV v1.0 and DLNA v1.5 device. It enables simple and robust connectivity among stand-alone computers, network attached storage (NAS) devices, USB mass storage devices and many Wi-Fi enabled devices. You'll enjoy seamless networking with all different kinds of devices throughout your home.

The remote control, with easy navigation buttons and handy shortcut and 'fast key' buttons, completes the package for your viewing and listening pleasure.

- **Included SimpleCenter server software runs on your PC and syncs all your media devices.**
- **Includes technology-verified integration with SimpleCenter server software and Wi-Fi enabled Nokia Nseries devices.**
- **Wi-Fi enabled Nokia Nseries devices can be used as a remote control to manage and operate all EZfetch features and functions.**
- **Video output includes digital, HD digital, S-Video and Composite.**
- **Audio output includes digital and left and right analog.**
- **Supports high definition entertainment content and plays more picture, music and movie formats than any other digital media player in the world.**

Supported Multimedia Formats

EZfetch supports the codec file formats listed, however EZ4Media cannot guarantee full compatibility or proper playback with all such codec files due to modifications and/or variations that may occur with your encoded codec files. Certain file formats and/or features are not accessible from USB drives attached to the USB port.

For detailed information about supported formats, go to ez4media.com/downloads and select EZfetch Supported Formats PDF.

Picture: BMP, GIF, JPEG, PNG

Music: AAC+, AAC-LC, LPCM, MP3, MP3Pro, WMA, WMAPro

Movie: DivX 3, DivX 4, DivX 5 HD, DivX 5 SD, DivX 6 HD, DivX 6 SD, H.264 AVC MPEG4 part 10 HD, H.264 AVC MPEG4 part 10 SD, MPEG-1, MPEG-2 HD, MPEG-2 SD, MPEG-2 VOB, MPEG-4 part 2 ASP, Quicktime (3GPP), VC-1 HD 720p, VC-1 HD 1080i, WMV 7, WMV 8, WMV 9, WMV Pro, WMV HD 720p, WMV HD 1080i, Xvid

Specifications

Network

Wireless: 802.11 b/g
Wired: 10/100 Mbps Ethernet

Wireless Security

Up to 120-bit WEP
WPA-PSK/WPA2-PSK Encryption

Compliance Standards

UPnP AV 1.5
DLNA v1.5

USB

High-speed 2.0

Supporting OS

Windows XP and Windows Vista

Connections

LAN RJ45
DVI-D (DVI-D to HDMI adapter included)
S-Video and RCA Composite Video
RCA Left and Right Analog Audio
and S/PDIF Digital Audio
USB

Power

EU/USA/UK changeable plug
100-240AC/50-60hz
18w consumption

Approximate Physical Specifications

7.5" W x 1.5" H x 7" D (190.5 x 40 x 178 mm)
1lb. 3oz. (.55 kg)

Product Package Contents

EZfetch Wireless HD Digital Media Player
Remote Control and Batteries
Antenna
Power supply cord with EU/USA/EK changeable plug
